

Knowledge. Hope. Inspiration.

Empowering cancer survivors through **Coping**® magazine.

Please help us help your cancer patients.

Working together we can deliver knowledge, hope, and inspiration to your cancer patients. It is through your generosity in covering the costs of freight and handling to your waiting room that *Coping* gets to your patients when they need it the most. Will you help?

Hundreds of private practice oncologists, hematologists, urologists, and cancer treatment centers in the U.S. currently participate in this volunteer program.
